1. Company Introduction

We are Platin Gaming, one of the world’s premier gaming solutions around the world. As pioneers in the online gaming industry, we first established ourselves in Malta back in 1995 and since then, we never looked backward. Throughout the years, we have obtained numerous certifications and licenses to operate in the majority of gaming jurisdictions worldwide.

As a trendsetter and first-mover, Platin Gaming Ltd. is ideally positioned in the development of specialized software with a team of over 50 highly qualified technicians and developers, from all over the world. Platin Gaming Ltd is internationally successful since its establishment, and its core competencies include the development of both online gambling and sports betting software.

1.1. Licenses & Certification

Platin Gaming is in possession of a Critical Supply B2B MGA License for the provision of Sportsbook and Casino Games. Our developed gaming solutions are ready to be integrated by sportsbook & casino operators around the world.

We currently have many licensed premium slot games in our portfolio with more games to be released and licensed in intervals. These games are available for all territories that can run through the MGA or Curacao license a lucrative bonus round and regulatory approval by many Authorities with the required Certifications. Our products have full documentation, are built with the latest technology and mechanisms, and are available as demo versions in our customer area - clientarea.platingaming.com

2.1. Customize Symbols with Your Brand

Customize your Casino Slot Games with branded symbols and customised marketing material. Custom branded games gives your brand prestige and will surely boost your overall performance. We can design the symbols from scratch or you can provide us with your designs and we incorporate them in the games. This feature guarantees high awareness and a prestigious online presence for your operations.

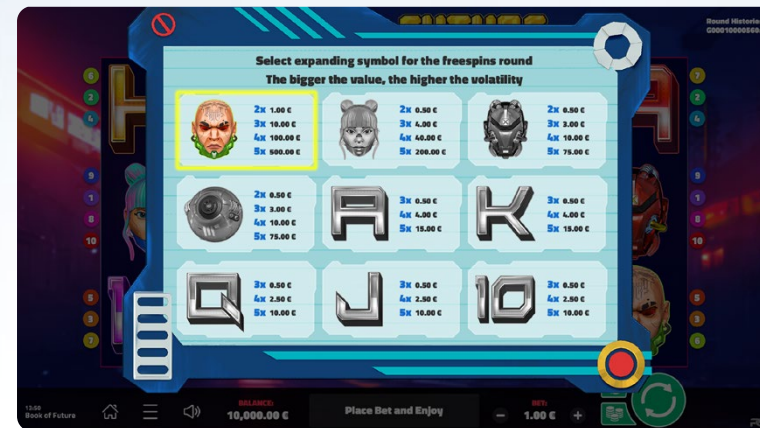

2.2. Buy Bonus Feature

Bonus Buy Feature is a slot game option where players can pay a certain amount and enter Free Spins Rounds instantly. It allows players to skip the base game and go directly into the bonus game. This feature is very popular among the players because it gives instant action and most of the time it gives the chance for huge wins. The biggest advantage is that purchasing this feature might be a lucrative bonus round and saves time because players don't need to wait for a bonus game to get triggered and it may bring profit quicker.

At Platin Gaming, we offer many slot games with Bonus Buy Feature to help attract your customers entirely and increase customer loyalty. All of these slot games come with an upgraded design, graphics, and thematic characteristics. Here is a list of a few of our popular slot games with a Bonus Buy Feature;

More information can be found on our client area - clientarea.platingaming.com

2.3. Jackpot Games

Platin Gaming offers many slot games that can be enabled with the jackpot feature. They are up to 4 Levels of Jackpots for a set of pools with adjustable jackpot fees for multi-currency. It's possible to connect and enable Jackpot for different games or only for a single game. Furthermore, jackpot pool size and pool count are completely adjustable for the brands.

The pool options are local, cluster, and global. In Local Pools, the pool only includes the pool of a single brand or operator. In Cluster Pool, it's possible to include different operators and brands in the same pool. And, in Global Pool, it's grouped by the provider.

There are many advantages to including our jackpots which include enhanced Reputation, enticing Jackpot Hunters and introducing new trends

2.4. Ultra Fast Play with CashOut

Time is money - we've all heard that expression many times. The more time you save, the more frequently you can spin our reels. As the name suggests, Fast Play makes the game progress faster once it is activated. When playing a slot with the Fast Play option turned on, you will notice that the slot will not have the usual reel symbol animations. Also, it will not waste any time in counting up any winning payouts you have achieved. This will allow you to rattle through a large number of spins in the lowest amount of time possible!

This feature is targeted at our customers that wish to play fast and cash out quickly. We have included a lightning-fast play mode with cashout functionality. This means that you can enjoy our games at your own pace and cash out your winning whenever you feel like it.

So what are you waiting for? Customize, spin, and win big with our amazing slot games!
